4.00pm – 6.00pm followed by a networking reception

43 Upper Grosvenor Street, London W1K 2NJ

The Arab-British Chamber of Commerce is proud to host Focus Dubai, a presentation highlighting the opportunities that continue to draw companies from all over the globe to the business and financial hub that is Dubai.

Dubai has long earned the reputation as being one of the world's most desirable business destinations; its positive economic policy and ambitious growth plans have underpinned the introduction of an equally progressive infrastructure, with first-class facilities across the board, from telecoms to ports and aviation.

The presentations will provide insight into what remains one of the regions' most attractive business hubs.
