## Circular 764

### To all Agent Chambers / Members

#### Saudi Arabia

We have been informed by the Royal Embassy of Saudi Arabia that as with immediate effort all exports of poultry hatching eggs and day old chicks must be accompanied by a certificate declaring that the product has been free of Highly Pathogenic Avian Influenza for a period of 12 months prior to the date of export, and have been subject to veterinary supervision by the relevant UK animal health authorities.

Thank you for your cooperation

A El-Idrissi  
Director of Trade Services
